

Wabtec Reports Record Quarterly Results, Increases Full-Year Guidance

October 25, 2011

WILMERDING, Pa., Oct. 25, 2011 /PRNewswire/ -- Wabtec Corporation (NYSE: [WAB](#)) today reported record quarterly sales and earnings, and increased its full-year guidance. The company also declared a regular quarterly dividend of 3 cents per share, payable on Nov. 30, 2011 to holders of record on Nov. 16, 2011.

Third quarter highlights included:

- Sales were a record \$499 million, 33 percent higher than the year-ago quarter, primarily due to strong growth in the Freight Group.
- Earnings per diluted share were a record 96 cents, 52 percent higher than the year-ago quarter.
- Income from operations was a record \$75 million, or 15.1 percent of sales, compared to 13.5 percent in the year-ago quarter.
- Cash from operations was \$34 million for the quarter and \$100 million for the first nine months of the year. At Sept. 30, 2011, the company had cash of \$221 million and debt of \$406 million. During the quarter, Wabtec repurchased 308,600 shares of company stock for \$18 million.
- Backlog at the end of the third quarter was \$1.5 billion, 38 percent higher than at the beginning of the year.

Albert J. Neupaver, Wabtec's president and chief executive officer, said: "Wabtec continued to perform at a high level in the third quarter and we expect to finish the year strongly. We are executing our growth strategies well, benefiting from favorable market conditions in the freight rail sector, and beginning to see a ramp-up in positive train control activities. We remain optimistic about our outlook for the balance of the year, and believe we are well positioned over the longer term to take advantage of growth opportunities in our core markets around the world."

Based on its third quarter results and outlook, Wabtec increased its 2011 non-GAAP guidance for earnings per diluted share to between \$3.65-\$3.70, with revenues expected to be up about 25 percent for the year. As previously discussed, non-GAAP EPS guidance excludes the following special items recorded in the second quarter this year: a charge of 25 cents per diluted share for a court ruling, a benefit of 3 cents per diluted share for an acquisition settlement, and a tax benefit of 3 cents per diluted share. Including these items, the company's 2011 GAAP EPS guidance would be \$3.46-\$3.51. We believe the non-GAAP guidance measure provides useful supplemental information to assess our operating performance and to evaluate period-to-period comparisons. Non-GAAP financial measures should be viewed in addition to, and not as an alternative for, Wabtec's reported results prepared in accordance with GAAP.
