REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrator of Wabtec Savings Plan:

We have audited the accompanying statements of net assets available for plan benefits of Wabtec Savings Plan as of and for the years ending December 31, 2007 and 2006, and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of Wabtec Savings Plan as of December 31, 2007 and 2006, and the changes in net assets available for plan benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended December 31, 2007 and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

WABTEC SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2007 AND 2006

1. DESCRIPTION OF PLAN

The following description of the Wabtec Savings Plan “the Plan” provides only general information. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan, effective March 9, 1990, amended and restated effective January 1, 2006, is a contributory plan intended to comply with the provisions of Sections 401(a), 401(k), and 401(m) of the Internal Revenue Code (IRC). All United States employees of Westinghouse Air Brake Technologies Corporation and its subsidiaries (Wabtec) (the Company) are eligible to participate upon their hire date except those employees eligible to participate in the Ricon Savings Plan. All collective bargaining employees in Wilmerding, Pennsylvania and Greensburg, Pennsylvania hired on or after October 1, 2004 are eligible to participate in the Plan upon their hire date. All collective bargaining employees in Wilmerding, Pennsylvania and Greensburg, Pennsylvania hired before October 1, 2004 are eligible to participate in the Plan, but are not eligible for employer contributions. All collective bargaining employees in Boise, Idaho are eligible to participate in the Plan, but are not eligible for employer contributions.

The Schaefer 401(k) Plan was merged into the Plan effective April 30, 2007. The total fair market value of the net assets transferred into the Plan as a result of this merger was \$543,228.

Contributions

Participants may contribute, through payroll deductions, employee elective contributions from 1% to 50% of their compensation, limited to \$15,500 in 2007 (\$15,000 – 2006). In addition, participants may contribute employee after-tax contributions from 1% to 50% of their compensation. Participants who were 50 years of age or older during the plan year are allowed to contribute catch up contributions in addition to the 50% maximum. Participants’ total annual contributions may not exceed the contributions limits under Section 415(c) of the IRC. In addition, the combination of an employee’s elective contribution and after-tax contribution could not exceed 50% of their compensation in 2007 and 2006.

The Company makes an annual contribution of 3% of a participant’s eligible compensation, as long as the Company employs the participant at December 31. In addition, the Company makes a dollar for dollar matching contribution of up to 3% of the participant’s compensation.

The Plan allows participants to direct their contributions, and contributions made on their behalf, to any of the investment alternatives offered under the Plan.

Withdrawals

Participants may make the following types of withdrawals:

In-Service Withdrawals - A participant may withdraw any amount of the vested portion of their employer matching account, employer basic account, employee after-tax account, and rollover accounts once in any six-month period. Once a participant has reached age 59 1/2, they can withdraw any portion of their employee elective account.

Hardship Withdrawals - In the case of hardship, as defined in the plan document, the participant can receive 100% of their employee elective account. Hardship withdrawals are limited to once every plan year. Employee contributions cannot be made to the Plan for a period of six months following the hardship withdrawal.

Loans - Participants may borrow from their fund accounts a maximum loan amount equal to the lesser of 50% of the value of the Participant’s vested balance of their account, reduced by any outstanding loan balance, or \$50,000. The loans bear interest based on prevailing commercial rates determined quarterly by the plan administrator. The interest rates on participant loans range from 5% to 10.5%.

[Table of Contents](#)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the Company will direct either (a) that the investment manager and trustee continue to hold the participants' accounts in accordance with the Plan, or (b) that the investment manager and trustee immediately distribute to each participant all amounts in the participant's account in a single lump-sum payment.

Vesting

Employee contributions are at all times 100% vested and nonforfeitable. Plan participants become 100% vested in employer contributions after three years of service as described in the Plan document.

Forfeitures

Amounts forfeited by participants are used to reduce future employer contributions. Effective April 1, 2007, the Plan was amended to allow forfeitures to be used to pay Plan expenses. For the year ended December 31, 2007, forfeited non-vested accounts totaled \$241,498 (\$159,565 in 2006).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounts of the Plan are maintained on an accrual basis of accounting. Certain expenses incurred by the plan administrator, investment manager and trustee for their services and costs in administering the Plan are paid directly by the Company.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. Adoption of the FSP had no effect on the Statement of Changes in Net Assets Available for Benefits for any period presented.

Accounting Estimates

The process of preparing financial statements in conformity with U.S. generally accepted accounting principles requires management to use estimates and assumptions that affect certain types of assets, liabilities and changes therein. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition

The Plan's assets are invested in the common stock of Westinghouse Air Brake Technologies Corporation through a unitized stock fund, which includes an investment in a money market fund for liquidity purposes and several mutual funds through Fidelity Management Trust Company, the Plan custodian and trustee. All investments are presented at market value based upon quoted market prices. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year end. The Plan's interest in the collective trust is valued at fair value based on information reported by the investment advisor using the audited financial statements of the collective trust. Participant loans are valued at their outstanding balances, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on accrual basis. Dividends are recorded on the ex-dividend date.

[Table of Contents](#)

Income Taxes

The Plan has received a determination letter from the Internal Revenue Service dated March 27, 2002, stating that the Plan is qualified under Section 410 (a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has since been amended, but the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. The Plan applied for a new determination letter in January 2008.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Recently Issued Accounting Pronouncements

In September 2006, the FASB issued Statement on Financial Accounting Standards (SFAS) No. 157, "Fair Value Measurements." This standard establishes a single authoritative definition of fair value, sets out a framework for measuring fair value, and requires additional disclosures about fair value measurements. SFAS No. 157 applies to fair value measurements already required or permitted by existing standards. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 17, 2007 and interim periods within those fiscal years. The changes to generally accepted accounting principles in the United States of America from the application of this statement relate to the definition of fair value, the methods used to measure fair value, and the expanded disclosures about fair value measurements. As of December 31, 2007, the Plan does not believe the adoption of SFAS No. 157 will impact the amounts reported in the financial statements, however, additional disclosures may be required about the inputs used to develop the measurements and the effect of certain measurements reported on the financial statements for the fiscal period.

3. INVESTMENTS

The trustee of the Plan is Fidelity Management Trust Company (Fidelity) per the Trust Agreement dated June 21, 1990. Fidelity maintains the investments and provides recordkeeping functions for the Plan. The fair market values of individual assets that represent 5% or more of the Plan's net assets as of December 31, 2007 and 2006 are as follows:

	December 31, 2007	December 31, 2006
Fidelity Managed Income Portfolio II Class I	\$31,424,260	\$31,348,009
Spartan U.S. Equity Index Fund – Investor Class	24,489,592	24,302,881
Wabtec Stock Fund (unitized)	18,121,005	18,002,277
Fidelity Growth Company Fund	17,628,650	15,814,681
Fidelity Contrafund	16,063,044	14,151,521
Fidelity Overseas Fund	10,915,457	8,547,914*
Fidelity Equity-Income Fund	10,185,594	9,762,567

* Presented for comparative purposes only

The Plan's investments (including gains and losses on investment bought and sold, as well as held during the year) appreciated in value by \$8,121,780 as of December 31, 2007 (\$10,039,302 in 2006) as follows:

	Year ended December 31,	
	2007	2006
Wabtec Stock Fund (unitized)	\$ 2,593,276	\$ 2,426,507
Shares of registered investment companies	5,528,504	7,612,795
Total appreciation	<u>\$ 8,121,780</u>	<u>\$ 10,039,302</u>

4. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for professional, legal, and accounting expenses amounted to \$26,076 for the year ended December 31, 2007 (\$0 in 2006). All remaining expenses paid by the Plan represent fees paid by the participants for the setup of loans and maintenance. The Plan also invests in Wabtec Stock Fund. Wabtec is the plan sponsor, and therefore, transactions qualify as party-in-interest. Investment income from investments sponsored by Fidelity Management Trust Company and Wabtec amounted to \$14,684,478 for the year ended December 31, 2007 (\$13,166,946 in 2006).
